Dear Mr. Director General,

I would herewith like to thank you for the excellent service that Carpatia Tour has provided during the state visit of the King and the Queen of the Belgian, on 7 – 9 July 2009.

All vehicles that were agreed upon were ready and present at the required time, and the drivers have faithfully carried out their obligations.

I thank in particular your Office Manager Toni Hristea, who has prepared, in close cooperation with this embassy, all individual car plans for every driver, according to our demands, and who has very well supervised the operations during these days.

Transport is an essential element in the success of such a complicated state visit, and I am grateful that you assumed your responsibilities in a professional way.

Yours sincerely,

Leo D'aes,  
Ambassador of Belgium
